

‘KE tactics’

APROPOS the letter ‘KE tactics’ (June 16). K-Electric would like to apprise the reader that the revision in the tariff for K-Electric consumers is as per the National Electric Power Regulatory Authority’s (Nepa) tariff terms and conditions notified in SROs dated May 22 notified by the Ministry of Energy (Power Division) and is in line with the uniform tariff policy applicable across Pakistan.

It is not within K-Electric’s ambit to make changes to the tariff. KE can neither increase nor decrease the tariff . For any further clarity or queries, customers can refer to the KE website or contact KE via its call centre 118, or through social media platforms or visit any KE’s Customer Care Centres.
