ST registration: Automated system to be effective from July 1

Federal Board of Revenue has announced that the automated system for sales tax registration will be effective from 1st July, 2019.The following procedure is proposed and the same shall replace the one as prescribed in sub-rules (2) to (8) of rule 5 of the Sales Tax Act, 1990. The applicant having NTN/income tax registration shall, using his login credentials, upload following information/documents:

(a) Bank account certificate issued by the bank in the name of the business.

(b) Registration/consumer number with the gas and electricity supplier. (c) Particulars of all branches in case of multiple branches at various locations.

(d) GPS-tagged photographs of the business premises.

(e) In case of manufacturer, also the GPS-tagged photographs of machinery and industrial electricity or gas meter installed. On furnishing above documents, the system shall register the applicant for sales tax. After registration, the applicant or his authorized person shall visit e-Sahulat Centre of NADRA within a month for bio-metric verification.-PR
