

Forex reserves decline to \$10.362bn

KARACHI: The total liquid foreign reserves held by the State Bank of Pakistan (SBP) have declined by \$1.712 billion to \$10.362 billion during the week ended on May 29, 2020.

According to the central bank, this decline in liquid foreign reserves is primarily attributed to the government external debt repayments of \$1.669 billion.

The total country's foreign exchange reserves have dropped by \$1.677 billion to \$16.920 billion.

The foreign exchange reserves held by commercial banks have increased by \$34 million to \$6.558 billion.
