Zahid appointed DG Customs Intelligence

ISLAMABAD: The Federal Board of Revenue (FBR) has posted Member Customs Muhammad Zahid as Director-General of Customs Intelligence and Investigation.

The post fell vacant following the removal of Shaukat Ali, who is now posted as a member at FBR.

Zahid has emerged as the only member of the FBR who not only achieved the assigned revenue collection target of the year 2017-18, but also exceeded the collection.

Similarly, customs collection is the only federal tax which has achieved its target in the first four months of the current fiscal year.
