

Tax amnesty forms

Page NO.09 ColNo.05

THE tax amnesty scheme recently announced by the government is a good idea. However, submitting the application form online is a difficult process, and those not computer savvy feel frustrated. One has to hire an income tax lawyer, who charges upto to Rs50,000 for the procedure.

I ask the finance ministry and the Federal Board of Revenue to allow citizens to submit the application form in person. This might allow more declarations to be submitted with ease.
