**ISLAMABAD: Adviser to Prime Minister on Textile, Commerce, Industry and Production and Investment Abdul Razak Dawood has underlined the need for enhancement of exports to China and to the global market.**

Talking to Chinese Ambassador Yao Jing who called on him on Friday, Razak said the two countries enjoyed excellent trade and commercial relations cemented further by the signing of a free trade agreement (FTA) in 2006, which has added another dimension to the ever-growing business relations between the two countries.

Razak felicitated the Chinese ambassador for holding a mega event like China International Import Expo in November in Shanghai and expressed his gratitude for declaring Pakistan the 'guest of honour' at the event.

Jing informed the adviser that a buying mission was coming to Pakistan shortly.
