

MIRTEX INTERNATIONAL COMPANY

**Manufacturer and Exporter of Institutional and
Retail/Home Textile Products.
(WRAP & BSCI Certified)**

(Karachi - Pakistan)

ABOUT US:

“Determine that the thing can and shall be done, and then we shall find the way.” – Abraham Lincoln

Mirtex International Company, is a family owned WRAP and BSCI certified organization, established since 1985. It started off as a small sized terry and fabric weaving factory under our current CEO; Mr. Nasir Ahmed, and has all these years built up and grown into a reputable textile manufacturing and exporting organization.

For over 33 years, Mirtex has been successfully and proudly manufacturing and supplying textile products to importers in USA, Canada, New Zealand, Australia and Italy.

We witnessed exponential growth in the post WTO era, when all suppliers had a level playing field due to abolishment of quotas, and it was a competition of competitively priced quality products, to be delivered on time and along with good services.

With our own yarn warehousing, yarn doubling, weaving, wet processing, cut/stitch/packing and finished goods warehousing, we are amongst the list of suppliers from Karachi - Pakistan, who have their own complete manufacturing facilities and rely very less on sub-vendors.

Our 'in-house' production helps us achieve production deadlines, to maintain consistency and control in quality of the product during our production systems and ensure on-time delivery, as promised to our customers.

It is firmly believed and implemented in Mirtex that quality starts from the top of an organization, and must be communicated to the lowest level of that organization.

Good & positive intent from the top, and proper communication channeled from top to bottom, along with professional and experienced follow up by personnel in each sub-system has been one of the key factors of our ranking through performance as one of the best vendors amongst most of our customers.

We never let go for the simple mix for success;

- **Competitive pricing.**
 - **Commitment par excellence to our customers.**
 - **Products conforming to customers' specifications.**
 - **Consistency in quality through every delivery.**
 - **Deliveries as per mutually agreed time.**
 - **Elaborate, precise and timely communication.**
- 

- **Professional Feedback wherever & whenever needed.**
- **Service the customer as much as humanely, technically and financially possible.**
- **Always emphasize on establishing long term relations with our customers.**

- 
- **Treat our employees as our assets; Mirtex has a family like environment and in which employees have a sense of belonging and loyalty with Mirtex. Success of Mirtex is our employees success. We have employees who have literally aged and grown along with the organization.**

Our manufacturing facilities have been planned, layed out and constructed keeping in mind all the social, hygiene and security related compliances.

They are strategically located in order to maximize all the available human resources and materials, along with minimizing transportation costs and other unwanted time related costs.

Nice, comfortable, well illuminated and well-ventilated production departments give the skilled labor a convenient place to work in, leading towards enhanced productivity and efficiency. After all, its man behind machine.

From yarn purchasing and warehousing till the final packaged product, all actions are performed in the 'in-house' facilities of Mirtex, under supervision of experienced staff.

We have our own warping/sizing, weaving (terry and woven fabric), greige fabric inspection, raising, exhaust method terry bleaching, cutting, stitching, grading and packing facilities, along with adequate warehousing.

We are proud to state that our production teams of each department have personnel who are equally well trained and experienced in their line of work.

Mirtex has trained and experienced Quality Assurance teams at every stage of pre-production, during production and post-production to ensure that our customers are guaranteed quality product as per their expectations.

Mirtex has also contracted facility of a 3rd party textile laboratory, who continuously draw samples from the time we receive yarn and from the production lot. They perform the required tests pertaining to the usage of that particular product to test conformance to quality parameters.

At Mirtex you have a peace of mind that the management places strong emphasis on the need of constant monitoring of quality and related feedback, which leads toward consistent quality.

We believe in continuous positive change and thinking, and in taking care of the problem before its even there. This is one of our many steps in continuous improvement.

Our beliefs focus and revolve on the following:

“The Customer is most important and always right.”

“Quality is never an accident.

It is always a result of:

- **High Intentions,**
- **Sincere Efforts,**
- **Intelligent and Well Planned Direction &**
- **Skillful Execution.”**

PRODUCTS:

We have the distinction of catering simultaneously both to institutional and retail sectors.

May it be Hospitality, Healthcare or Retail; in terry, blankets or general made-ups. Mirtex is a one stop shop.

Terry:

Bleached white, soft and absorbent. Tough enough to be industrially laundered. Our institutional terry is made according to your requirements. If you are looking for the lower end cheap value quality or the soft, plush hospitality towels. From Washcloths to Bar Mops to Bath Sheets. We do it all.

Solid Dyed, Fancy Crammed borders, Stripes, Checks, Jacquard Designs, Assorted sets, Multi Colored Sets, Value Packs, Bath Sets, Embroidered or Appliqued towels, Pool or Beach towels, Velour Towels.

From Washcloths to Bath Sheets to Bathrobes. We do it all.

Blankets, Bedspreads or Throws:

We do a big range of Flannel Blankets. These are commonly known as Bath Blankets. These are of single size (70x90"), and in both 100% cotton and different blends and weights.

We supply in both natural form and bleached form. We also supply with Yarn Dyed stripes.

We supply Bed spreads, Thermal/Cellular Blankets and Snagfree blankets.

The designs range from Leno weave to Dobby weave. These range from sizes; 66x90" to 74x108".

We supply in 100% cotton, Different cotton/Polyester blends and 100% Polyester.

The Bedspreads, Thermal Blankets & Snagfree Blankets are supplied in white, solid dyed and yarn dyed also. These blankets can be supplied in bulk packing or as per your requirement.

Printed Baby Receiving Blankets in flannel:

We produce and supply printed Baby Receiving Blankets. All the pigment prints of our Baby Receiving Blankets achieve 3-4 rating as per the AATCC 61-4A washing test along with Multifibre.

We supply different sizes, blends and prints. They can be supplied in bulk packing or as per your requirement.
