To,

**All Industrial Associations**

**SUBJECT: 50% CURTAILMENT IN GAS CONSUMPTION OF CAPTIVE POWER UNITS OF ZERO-RATED AND GENERAL INDUSTRIES.**

Dear Sirs,

This is to inform you that SSGC is currently facing a severe shortage in indigenous gas receipts from the fields due to technical reasons and general depletion.

To cater for this scenario, SSGC is following the Load Management Policy of October 2018. Therefore, you are requested to please ask your members to reduce the Captive Power consumption by 50% on following dates.

Dates	Time	Duration
From Saturday, October 31, 2020	08:00 am	Continuous 48 Hours
To Monday, November 02, 2020	08:00 am	

This is being done in the greater interest of the general public.

You are requested to kindly cooperate at this critical juncture. Please note that SSGC. Teams will be ensuring compliance through watch & Ward also.

We hope that the situation will be understood by you and full cooperation will be extended to SSGC in this regard.

Yours truly,
